

**Nurturing future Changemakers & Innovators**

### **Facilitator**

**About Us:** **Karmyo Foundation** is an education Organisation based in Pune on a mission to nurture future changemakers & innovators. We run entrepreneurship based life skills program for secondary school students. Our well-researched and proven framework and curriculum has been implemented in several schools. Through the experience they develop critical life-skills such as creativity, problem-solving, decision making, communication, collaboration and so on. Hundreds of students have undergone this program and the learning outcomes have been very positive.

**About the role:** The facilitator would conduct the programs in partner schools and play an important role in building the future of young generation.

The responsibilities include but are not limited to:

- Facilitation in classroom
- Data collection for impact measurement
- Coordinate with schools to create the calendar
- Closely work with Pedagogy and Communication team

Requirements: Passionate to work with school students, enthusiastic about entrepreneurship, highly energetic, expressive and empathetic. Prior experience of conducting trainings, facilitation / teaching would be preferable.

**Location:** Pune

**Selection Process:** The first step will be a telephonic conversation, followed by an assignment. If a candidate clears the round s/he will be called for the final in-person interview with the Founder.

Application Process: Interested candidates can send their resumes with an expression of interest at [deepika@karmyo.com](mailto:deepika@karmyo.com) .
